Mumbai

Samosir - Lake Toba - Jakarta

5 nights 6 days | 22– 27 February 2026

Class: Luxury

I am a Wildlife Traveller and a Professional Photographer.
I particularly specialise in Wildlife and Landscape
photography and have spent my time in photography in Asia
and Africa Continent.

I especially love photography with creative feel. I have been
taking photos ever since 20 years. I have the wonderful
privilege of growing up in the wild, open and unspoilt
surroundings of the Asian and African Highlands, so
inevitably my love affair with staggering Wildlife, Ancient
Monuments and Landscapes began there along with an
understanding of composition and light forms. Over the years
I have developed a style that pushes the boundary between
photography and art.

Indonesia and India

The Land of the Tigers

Easily recognized by its coat of reddish-orange with dark stripes, the tiger is the largest wild cat in the world. The big cat's tail is three feet long. On average the big cat weighs 450 pounds, about the same as eight ten-year-old kids. It stands three feet tall with teeth four inches long and claws as long as house keys.

Population of Tigers have been reducing at rapid rate
Need of serious attention to avoid extinction Implementation of
Conservation projects and involvement
Of people is highly important.

**The purpose of this conference is to create awareness and
Sensitive approach to Save the handsome Tigers of
Indonesia and India.**
